Why choose PGL?

Our centres

We own and manage 16 purpose-built residential centres in the UK, plus three in northern France and three in Australia, all with excellent facilities for the junior market, including classrooms, a wide choice of adventure activities, en suite accommodation and plenty of outdoor space.

All our centres are easily accessible from major towns and cities, which allows for plenty of opportunity to explore and go sightseeing in the local area.

For your peace of mind - and parents as well - our centres provide a safe and secure environment and are only open to PGL guests.

Nearly all our centres are open to visiting groups all year round: and because we own our centres, we have the flexibility to accommodate the requirements of different groups.

Our centre teams

Many members of our staff are permanent and all our centre staff are appointed following the satisfactory completion of a PGL training programme, a probationary period, and enhanced Disclosure and Barring Service check.

All English Language teaching staff in the UK are CELTA (or equivalent) qualified. At every centre there is a centre manager who is directly responsible for their team. All visiting groups will have a PGL Groupie – a member of the centre team who will look after them, provide support and ensure everyone knows where they need to be and when throughout their stay.

Our Head Office team includes our Business Development Managers and Tour Coordinators who can respond to your questions, requests and availability checks quickly and efficiently – we won't keep you waiting.

Our standards in the UK*

- PGL is a British Council Accredited provider so you can be assured of a valuable course led by qualified staff in a safe and well-managed environment.
- The importance of Health and Safety is absolutely central to what we do. Our H&S standards comply with government guidelines and we conduct fully comprehensive risk assessments.
- All our centres and activities are inspected and accredited by BAPA, the British Activity Providers Association, an industry body which sets the standards for quality and safety.
- Where applicable, PGL holds the appropriate licences and endorsements where applicable.

There are activities on land, such as climbing and abseiling, adventures on water, including canoeing and raft building - and lots more.

All equipment is provided and all activity sessions are led by our well-trained, enthusiastic instructors who know exactly how to make the most of the opportunities each activity presents.

How does it work?

English Classes

Our English Language courses focus on improving speaking and listening, combined with written work to keep a record of students' achievement. Students receive 15 hours of teaching each week in enjoyable, interactive classes with no more than 15 students per class.

Courses are taught at four levels, (Elementary, Lower Intermediate, Intermediate and Upper Intermediate) with students assessed on arrival and streamed into classes according to ability. Each student receives a specially designed workbook containing modules and exercises based on their course. A certificate of achievement is presented to each student at the end of the course.

All teachers are CELTA (or equivalent) qualified.

Cultural Excursions

Visits to towns and cities either in Britain or Australia give students many opportunities to improve their knowledge, fluency and confidence in English, both written and spoken, in real life situations.

A full-day and a half-day each week are allocated for excursions to world-famous landmarks and historical sites, where students can visit historically and culturally interesting locations, see the sights and even do some shopping.

PGL centre staff lead each excursion and provide support, information and the benefit of their local knowledge.

Adventure Activities

Every PGL centre has an exciting range of on-site adventure activities such as climbing and abseiling, zip wire, giant swing, raft building and canoeing - all supervised by experienced, well-trained English-speaking PGL activity instructors.

This means your students have the ideal opportunity to develop fluency and conversational English while enjoying fun-packed outdoor activity sessions.

Evening Entertainment

Every evening our teams provide an entertainment programme filled with games, quizzes and other activities to further develop students' English skills and keep the group occupied.
