We positively encourage all children and young people to succeed and celebrate their achievements by actively reviewing, realising different abilities and creating an environment where all achievements are given attention and Praise. We are particularly sensitive to the needs of children with additional needs who may achieve in a different way to their peers but are equally entitled to celebration.

- There is no place for extremist views of any kind within PGL, whether from internal sources, external agencies or individuals.

The purpose of the policy:

- To outline our organisational standards in safeguarding children, young people and adults at risk across our business.
- To provide clear expectations on our procedures that should be adopted in the event a colleague suspecting a child, young person or adult at risk maybe experiencing, or be at risk of harm.

This policy applies to all colleagues, including senior managers and anyone working on behalf of PGL. We will endeavour to safeguard children, young people and adults at risk by:

- Adopting child protection guidelines through procedures and a code of conduct for colleagues and visitors.
- Explicitly prohibiting the use of corporal punishment.
- Recruiting safely, ensuring all necessary checks are made.

ORGANISATIONAL GOVERNANCE ARRANGEMENTS FOR SAFEGUARDING

PGL's strong focus on governance in relation to our safeguarding, is to ensure a robust approach to reviewing the measures our organisation has in place and provide a forum for oversight and challenge. The image below demonstrates our governance arrangements;

Role of the Safeguarding Committee

This committee will ensure effective communication of the safeguarding strategy across PGL and champion a culture of effective safeguarding across the company which is fundamental to an outstanding customer experience. The Committee members are key members of PGL's senior leadership team.

To support the safeguarding board to fulfil its responsibilities in relation to safeguarding by;

- Identifying and contribute to the

development of safeguarding policies for consideration and endorsement by the Board (as required)

- Monitoring the implementation of safeguarding standards and procedures to ensure practice is effective and consistently applied, providing assurances to the Board
- Ensuring that all colleagues are engaged in contributing to the effective safeguarding culture of PGL
- Challenge and support those in the company to safeguard effectively
- Ensuring that any legislative changes, statutory guidance updates or professional bodies requirements are identified and reflected in any organisational change that needs to happen
- Ensure that PGL colleagues access learning and development opportunities regarding safeguarding in line with their roles and responsibilities
- Reviewing serious occurrences and overseeing actions from reports, particularly where there is specific policy, procedure and/or practice changes that need to be considered
- Consider relevant national agendas, serious case reviews and any internal reviews where learning can be shared across the organisation
- Ensure the effective dissemination of the safeguarding committee decisions, recommendations and learning using DSL forums and disseminated through the committee members to their respective areas

Role of the Safeguarding Board

The board will ensure the effectiveness of the safeguarding strategy across PGL. They will oversee the coordination of the safeguarding committee and drive the safeguarding priorities. The board will provide constructive challenge and scrutiny of the safeguarding measures

across PGL. The PGL Directors are all members of the Safeguarding board.

Responsibilities of the Safeguarding board include;

- Reviewing minutes and actions from safeguarding committee, ensuring the committee are held to account for progress on safeguarding across the business.
- Ensuring PGL has an annual safeguarding strategy, with clear priorities for the business to continue to be market leading.
- Review any lessons learnt from serious safeguarding incidents.
- Provide a level of effective independent oversight and challenge.
- Agreeing annual report for publication.

Staffing

Our top priority is the safety of our guests on our centres and we have a robust safer recruitment practice in place when recruiting new colleagues to all of our PGL centres.

- A detailed application form is received and vetted by a member of staff who has received Safer Recruitment training.
- The applicant's motives and suitability to work with children are discussed during a virtual interview.
- The applicant's references are verified wherever possible prior to commencing employment, the employee's probationary period is not passed until satisfactory references are received.
- Original qualification certificates are checked.
- A Government Right to Work check is carried out to verify the applicant's identity.
- Applicants will be asked to disclose if they have ever been barred from working with children or disqualified under the 2006 Childcare Act and 2018 Regulations.
- The Disclosure and Barring Service Enhanced' check (PVG for Scotland and the Bulletin No. 2 for France) is applied for prior to employment commencing, is not possible to check applicants from overseas via the DBS, so we require an Overseas Police check
- Employees will only be permitted to stay overnight once their DBS, PVG or Bulletin No. 2 results are received on centre.
- When we have the additional support of 'vetted adults' i.e. teachers and we are not operating as a *childcare setting, it is permissible to allow our colleagues to work whilst awaiting for their DBS, PVG or Bulletin No.2 results, however the colleague's duties are modified, to prevent any regulated activity or unsupervised access to guests. In addition, a safeguarding risk assessment and interview is undertaken by their line manager; who is responsible for monitoring their performance and behaviour.
- New applicants for Instructional and Group Leader roles are required to complete a 5-day residential training course.
- Colleagues undergo a compulsory probationary period lasting a minimum of 4 weeks.
- Their contract is confirmed upon receipt of the satisfactory DBS, PVG or Bulletin No. 2 check, satisfactory references and successfully passing the probationary period.
- Ongoing support, development training and monitoring is undertaken by senior team members for all new and existing colleagues.
- Contractors and Agency staff will be supervised at all times unless PGL has established that they have undergone an enhanced DBS check

*Childcare setting – Unaccompanied Individual children

A DBS, PVG or Bulletin No. 2 disclosure would not automatically act as a bar to employment with PGL. Consideration is always given to the legal limitations on employing certain ex-offenders and the company's duties in law; however, disclosures may contain details of spent convictions irrelevant to employment with children and therefore we risk-assess each case individually.

When considering whether to employ an ex-offender we consider a range of factors, including the nature of the crime, when it happened and the success of rehabilitation, the sentence, re-offending patterns, job requirements and safeguards against offending at work. We will keep a record of our considerations and any representations made by the individual as part of the assessment.

Vetting Adults

- Contractors and Agency staff will be supervised at all times unless PGL has established that they have undergone an enhanced DBS, PVG or Bulletin No. 2 check and have been subject to safer recruitment protocols
- Party Leaders will declare that all adults on the trip (including parent helpers) have been vetted in line with their authorising bodies safeguarding policy
- Adults who do not have an enhanced DBS, PVG or Bulletin No. 2 check will not be authorised to stay overnight on a PGL centre

COLLEAGUE SAFEGUARDING TRAINING

We have a clear recruitment, induction and training strategy detailing clear job descriptions, terms and conditions of employment, colleague responsibilities and all relevant procedures. Colleagues receive safeguarding training throughout their employment at PGL as part of their ongoing professional development.

Colleagues will also receive regular safeguarding and child protection updates (for example, through emails, Viva Engage and colleague meetings) as required, but at least annually.

RECOGNISING ABUSE & TAKING ACTION

Guidance for PGL Colleagues

If you are concerned about a child, it is important that this is communicated to the Centre-Based Designated Safeguarding Lead or Deputy Designated Safeguarding Lead

You may become aware of suspected or likely abuse because:

- you have seen something
- a child says they have been abused
- somebody else has told you they are concerned
- there has been an allegation against a team member
- there has been an anonymous allegation
- an adult has disclosed they are abusing a child
- an adult has disclosed they were abused as a child

Further detail is provided in the Colleague Handbook, which is provided to colleagues; online, in booklet form, and on safeguarding notice boards.

The 4 Rs of safeguarding:

PGL colleagues must follow the procedures below in the event of a safeguarding concern. The types of abuse can be found in appendix 1.

1. **Recognising** – The signs of abuse (appendix 1) Behaviours which cause concern or a niggling feeling something is not right.
2. **Recording** – The information you have, to the best of your ability, without adding your opinions and emotions.
3. **Reporting** – To the centre based Designated Safeguarding Lead (DSL) or Deputy DSL.
4. **Referral** – The DSL or Deputy DSL will make a referral to the appropriate external agency (Police, children's social care, adult social care, LADO)

CONSULTATION SHOULD NOT DELAY A REFERRAL; IF A CONCERN IS SIGNIFICANT, OR THE SITUATION IS AN EMERGENCY, DO NOT DELAY; CALL CHILDRENS SERVICES IMMEDIATELY.

If a child makes a safeguarding disclosure to you:

1. **Listen carefully to what they are saying** – Be patient and focus on what you are being told. Try not to express your own views and feelings. Allow them time to talk freely and do not ask leading questions.
2. **Stay calm and do not show that you are shocked or upset.** – If you appear shocked or as you do not believe them it could make them stop talking and take back what they have said.
3. **Let them know they have done the right thing in telling you** – Reassurance can be a big impact. If they have kept the abuse a secret it can have a big impact knowing they have shared what has happened.
4. **Tell them it is not their fault and they have done the right thing telling you.** – Abuse is never a child's fault. It is important they hear, and know this.
5. **Explain what will happen next and that you will have to pass this information on** – Do not promise to keep it a secret.
6. **Report to the DSL or Deputy DSL as soon as possible** – Do not discuss with any other colleagues or with any accompanying adults. **However, if you consider the child to be at immediate risk of harm tell the DSL or deputy DSL straight away.**
7. **Write up your conversation as soon as possible in the child's own words (Verbatim).** – Stick to the facts, and do not put your own judgement on it.

PGL Procedures

Complaints, Disciplinary and Grievance Procedures

We have clear policies about handling allegations, dealing with complaints, and our own disciplinary and grievance procedures; these details will be made available to all adults, children, parents and carers as necessary. With regard to colleague allegations, we are very clear that we will take no steps until we have fully discussed and agreed a strategy with the Local Authority Designated Officer, Children's Social Care Services and/or the Police.

Allegations and Low- level concerns

Allegations against PGL colleagues and accompanying adult guests

If it is alleged that a person who works with children has;

- Behaved in a way that has harmed a child, or may have harmed a child;
- Possibly committed a criminal offence against or related to a child;
- Behaved towards a child or children in a way that indicates they may pose a risk of harm to children;
- Behaved or may have behaved in a way that indicates they may not be suitable to work with children.

Then this will be reported as per local procedures, to the Local Authority Designated Officer (LADO) or team for managing allegations against professionals that work with children or to the Safeguarding Adults service in the Local Authority if an adult at risk makes an allegation. PGL will make referrals to the DBS (Disclosure and Barring Service) for colleagues in regulated activity roles.

We are registered with Ofsted on the voluntary register for our Kids Camp product. We will always inform Ofsted of any allegations of serious harm or abuse by any person living, working, or looking after children at the premises (whether that allegation relates to harm or abuse committed on the premises or elsewhere), or any other abuse which is alleged to have taken place on the premises, and of the action taken in respect of these allegation, within 14 days.

Low- Level Concerns

A low- level concern is any concerns about an adult's behaviour towards a child that does not meet the allegation threshold set out above or is not otherwise serious enough to consider a referral to LADO. These are also known as minor concerns. A low- level concern is any concern- no matter how small, and even if no more than a 'nagging doubt'- that an adult may have acted in a manner which;

- Is not consistent with PGL's code of conduct, including inappropriate conduct outside of work.
- does not meet the allegations threshold or is otherwise not considered serious enough to consider a referral to LADO.

Colleagues should feel encouraged to self-report concerns to foster a culture of transparency. Colleagues when reporting concerns do not need to be able to determine in each case whether it is a low-level concern or a serious concern that meets the threshold of an allegation. The determination should be made by the DSL who will seek advice from the Head of Safeguarding and Regional People and Culture Managers.

Record Keeping

We will hold records in line with our records retention schedule. All safeguarding concerns, discussions, decisions made and the reasons for those decisions, must be recorded in writing using MyConcern. If you are in any doubt about whether to record something, discuss it with the DSL.

Safeguarding records which contain information about allegations of sexual abuse will be retained for the Independent Inquiry into Child Sexual Abuse (IICSA), for the term of the inquiry. PGL shares information with other agencies and when this is appropriate, in line with local safeguarding procedures.

E-safety

We recognise the importance of safeguarding children from potentially harmful and inappropriate online material, and we understand that technology is a significant component in many safeguarding and well-being issues. For comprehensive details on our policy on online safety and the use of mobile phones, please refer to our E-Safety Policy.

Whistle Blowing

In very exceptional circumstances when a colleague might be concerned that the company is not dealing with child safeguarding concerns appropriately (as per the whistleblowing policy), they may contact Ofsted, Social Care services, or the Police if a crime has, or may have been committed.

NSPCC whistle blowing number 0808 800 5000.

Confidentiality, Data Protection and Privacy

We have a clear approach to confidentiality and information sharing and our approach is made available to all adults, children, parents and carers via the PGL website. We also have a Data Protection Policy and Privacy Statement.

We fully endorse the principal that the welfare of children and young people overrides any obligations of confidence we may hold to others. Individual cases will only be shared or discussed on a “need to know” basis.

Types of Abuse	Signs
Physical abuse	<p>May involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.</p>
Emotional abuse	<p>The persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child’s emotional development. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone. Emotional abuse may involve:</p> <ul style="list-style-type: none"> • Conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. • Not giving the child opportunities to express their views, deliberately silencing them or ‘making fun’ of what they say or how they communicate. • Age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child’s developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. • Seeing or hearing the ill-treatment of another. • Serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children.
Sexual abuse	<ul style="list-style-type: none"> • involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve: • Physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing • Non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet) • Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.
Neglect	<ul style="list-style-type: none"> • the persistent failure to meet a child’s basic physical and/or psychological needs, likely to result in the serious impairment of the child’s health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. • Once a child is born, neglect may involve a parent or carer failing to: • Provide adequate food, clothing and shelter (including exclusion from home or abandonment) • Protect a child from physical and emotional harm or danger • Ensure adequate supervision (including the use of inadequate care-givers) • Ensure access to appropriate medical care or treatment • It may also include neglect of, or unresponsiveness to, a child’s basic emotional needs.
